

LA CLÍNICA DEL PUEBLO

AMIG@S DEL PUEBLO

IMPACT REPORT 2020

Our **Amig@s del Pueblo** program was launched back in 2015 with the goal of building a reliable stream of revenue that could support the ebbs and flows of business and fuel core services that are not covered by grants and contracts. Today, our Amig@s program is made up of a diverse group of committed individuals, who together, **raise more than \$22,000 annually**, in addition to providing friendship, solidarity, and strength, to get through the most difficult times. **We are honored you are a part of this group.**

WELCOME TO OUR NEWEST MEMBERS!

Dr. Joshua Kolko Amig@ since 2019

THANK YOU FOR BEING AN AMIG@!

TOGETHER, WE ARE BUILDING HEALTHIER FAMILIES AND COMMUNITIES.

¡PASA LA VOZ! SPREAD THE WORD ABOUT LA CLÍNICA DEL PUEBLO

This year we saw glaring and dangerous gaps that exist when it comes to health care services, and the extreme vulnerability to COVID-19 that we saw here at la Clínica. Undeniably our patients and their families were some of the hardest hit. Your continued support and monthly commitment will help to build and re-build a healthier and more equitable community that we can all take pride in.

Please help us in reaching our goal to double our Amig@s program in the next year – remember with more friends we can do more! – share this impact report with a friend, family member, or coworker.
